altruistic draw
Meaning
Challenge of a leader's personality by the village although no breach of the understanding agreement or contract has been committed by the village
Usage Examples
While altruistic draw is not illegal it is often frowned upon because the winner is not aware the head is being pulled
By Harsh Lashari

Our goal is to try and improve the quality of the digital form of this dictionary being historically true and accurate to the first American dictionary. Read more ... Below you will find three sketches from a talented artist and friend depicting Noah Webster at work. Please tell us what you think. Divine Study Divine Study Window of Reflection Enlightening Grace Enlightening Grace 120 833 95 911 151 933 Importance IMPORT'ANCE, noun 1. Weight; consequence; a bearing on some interest; that quality of any thing by which it may affect a measure, interest or result. The education of youth is of great importance to a free government. A religious education is of infinite importance to every human being.2. Weight or consequence in the scale of being.Thy own importance know.Nor bound thy narrow views to things below.3. Weight or consequence in self-estimation.He believes himself a man of importance 4. Thing implied; matter; subject; importunity. [In these senses, obsolete.] This is the default error dialogue. This is the default error dialogue. To use when studying the Bible and to get a better understanding of the way some words were used in early English. — Bob (Bradenton, FL) importanceIMPORT'ANCE, n.1. Weight; consequence; a bearing on some interest; that quality of any thing by which it may affect a measure, interest or result. The education of youth is of great importance to a free government. A religious education is of infinite importance to every human being.2. Weight or consequence in the scale of being. Thy own importance know. Nor bound thy narrow views to things below.3. Weight or consequence in self-estimation. He believes himself a man of importance.4. Thing implied; matter; subject; importunity. [In these senses, obsolete.] smarisSMAR'IS, n. A fish of a dark green color. First dictionary of the American Language! Noah Webster, the Father of American Christian education, wrote the first American dictionary and established a system of rules to govern spelling, grammar, and reading. This master linguist understood the power of words, their definitions, and the need for precise word usage in communication to maintain independence. Webster used the Bible as the foundation for his definitions. This standard reference tool will greatly assist students of all ages in their studies. No other dictionary compares with the Webster's 1828 dictionary. The English language has changed again and again and in many instances has become corrupt. The American Dictionary of the English Language is based upon God's written word, for Noah Webster used the Bible as the foundation for his definitions. This standard reference tool will greatly assist students of all ages in their studies. From American History to literature, from science to the Word of God, this dictionary is a necessity. For homeschoolers as well as avid Bible students it is easy, fast, and sophisticated. Regards, monte (x: [+ 1 Add Search To Your Site What information do we collect? So if you can't help in any other way, please visit our sponsors. Financial donations Any degree of financial contribution will help us: pay for servers (hosting), maintenance the website, and work on Project:: 1828 Reprint. take something or someone for granted More examples SMART Vocabulary: related words and phrases If there is any truth in the old Greek maxim that a large book is a great evil, English dictionaries have been steadily growing worse ever since their inception more than three centuries ago. To set Cawdrey's a 's alim small volume of 1604 beside the completed Oxford Dictionary of 1933 is like placing the original acorn beside the oak that has grown out. The immensity of this growth is explained by the successive introduction of three new principles in lexicography. The earlier dictionary makers followed in the line of the old glossaries and directed their attention to such words as were likely to be unfamiliar to the ordinary man. The widening of this arrow range during the seventeenth century is made obvious by the steady increase in size through Ballokar, Cockeram, Blount, and Phillips until the eighteenth. The principle of general inclusion was practically accepted by Kersey and Bailey. The next stage is marked by Johnson's systematic use of quotations to illustrate and justify the definitions, the many omissions still existing in the vocabulary being partly filled by later supplementary works on the same lines. When all this was superadded the principle of historical illustration, introduced by Richardson, it became inevitable that any adequate dictionary of English must be one of the larger books of the world. It is remarkable that Richardson's dictionary, perhaps through certain defects in his method, did not at once attract the attention it deserved. From the appearance of the first installment in the Encyclopedia Metropolitana in 18rg to the full acceptance of the historical principle by the Philological Society almost forty years had passed. And the separate publication of his dictionary in 1836-7 did not affect to any appreciable extent the work of those lexicographers who followed in the wake of Johnson or Webster.
